### WEEKLY KANSAS CITY STOCK MARKET REPORT

Kansas City Stock Yards, September 6, 1915.—A supply of 17,000 cattle here today surprised the trade, as several thousand more than that number had been expected. The reason for the decrease in the receipts was partly the Labor Day holiday today, although this was not effective at the stock yards, but mostly because Kansas cattle shippers did not like the weakness on grass steers last week. Cattle shippers are independent this year, plenty of feed in the country and money easy. The result of the smaller supply today was stronger prices on best grades of killers and on stockers and feeders, medium grades of fat cattle steady. Corn fed cattle brought \$10.00 today, highest price in six weeks. Shipments to country points last week amounted to 25,000 head, practically 50% of the total supply, and this demand will be a permanent fixture here through the fall months. A shipment of 20 cars of western slope Colorado cattle is here today, beef steers lacking a little in flesh, weights 1140 to 1200 lbs., horned steers at \$6.90, dehorned \$7, two cars of feeders included, 1000 lbs. at \$7. There is a fair sprinkling of Panhandle cattle, including yearlings and breeding heifers at strong prices. A drove of Panhandle yearlings topped the stocker market last week at \$8.35, a string of white face heifers, bred to thoroughbred bulls, brought \$7.50, and some white face calves weighing 500 lbs. brought \$8.40 today. Thirty cars of Oregon beef steers, around 1240 lbs, sold at \$7.75 first of last week, none here since. Sheep receipts were small last week after Monday, but the market on fat lambs declined 25 to 40 cents, feeders holding steady. Receipts today are 16,000 head, market 5 lower on killing lambs, 10 higher on feeders. Most of the killing lambs sold at \$8.50 and \$8.55 today, including consignments from both Utah and Idaho, nothing here from Arizona today. Feeding lambs sold at \$8.40 and \$8.45, a five car drove of sixty pound Utahs at the

latter price. A shipment of Montana breeding ewes arrived today, and sold at \$5.25 to \$6.25. Country demand is very strong here, but packers have been making light sorts, because of the moderate receipts, several lots of top lambs selling straight today. However, country buyers secured 40% of the total supply here last week, and the demand is growing stronger each week, the fact that Chicago is closed to country trade this year throwing all orders from the farming states to Kansas City and the other markets in the West.

Payne and Ott recently sold their bunch of cattle with range rights down in the Red Rock country to Murrietta & Miller of Jerome. It was a fine little bunch of cattle with range well located for both winter and summer feed.

### Big Shipment Coming North

A southern Arizona cattle company recently asked for a permit from the Forest Service, to drive 3,000 head of cattle across the forest from Flagstaff to the Buckskin Mountains north of the Grand Canyon. The cattle is Mexican stuff and the owners desire to put it on the good range over the river. The permit to cross was refused in order to protect local owners, but will probably be taken into that country by another route.

Senator Drachman, of Tucson, is to be a candidate for the democratic nomination for governor, so it is said.

## NEWS FROM OVER THE STATE

Phoenix has passed a stringent milk ordinance.

The Tempe Normal school will open on Sept. 13th.

The safe at the depot in Pierce was blown open last week by burglars and robbed of \$40.00 in cash.

Nancy Stevens, a seven year old girl, was bitten four times by a rattlesnake last week and died within a short time.

Offers for Arizona cotton run from 18½ to 20½ cents per pound. Chandler has a big cotton gin being overhauled ready for handling the season's crop.

A couple of brilliant kids near Phoenix burned up the school house last week, with an idea of putting a quietus on being compelled to go to school. The scheme didn't work and only made matters worse.

The Western Federation of Miners are endeavoring to organize in the mining camps at Clifton, Morenci and other places in the south. There is considerable contention among those interested pro and con as to whether they will accomplish their end.

State Auditor J. C. Callaghan has appealed the appropriation bill case to the supreme court to ascertain from the court of last resort in the state, whether or not the vetoed portions of the bill are legal. The National guard were paid off in certificates pending the decision of the supreme court.

Phoenix people are complaining because the thousands of dollars claimed to have been saved in reduced freight rates, have in no way decreased the cost of goods purchased of local merchants. It is asserted that merchants pocket the reduction, still charge the same old prices and complain of excessive freight rates.

Miss Rebecca McCue committed suicide in a Phoenix lodging house last Friday by taking carbolic acid. She was about 45 years of age. She had pass books and receipts amounting to about \$1000. She had taught school near Roosevelt last year and had been engaged to teach the coming year. Her deed was attributed to a love affair.

## When is a cigarette Sensible?

A cigarette is not sensible for you if it leaves your taste and your smoke-hunger a little bit unsatisfied.

—nor if it bothers your throat or tongue

—nor if it makes you "feel mean" after smoking your usual number.

None of these things will happen to you if you find (and stick to) the right cigarette.

But the cigarette that is right for one man may not be right for another. For instance, Fatimas may not just suit your taste—in spite of the fact that they are the best-selling cigarette costing over 5c.

Fatimas ARE cool and friendly to the throat and tongue—and they will NOT make you "feel mean" after smoking all you want.

So they surely are sensible for you—except possibly for the taste.

And when it comes to that, it will be mighty strange if you don't like Fatima's taste—they couldn't sell so fast if the taste weren't extra good, could they?

Why not get Fatimas this very day and find out for yourself how sensible a cigarette can really be?
